

ASADI WINEBAR

ASADI WINEBAR

LA VIBORA CIGAR TOWER
(HUMIDOR)

CONCEPT DESIGN:
SCARAB WATCH CASE

DESCRIPTION

The Asadi Wine Bar is an elegant, climate controlled wine cabinet and side bar combination. Simple architectural lines and beautiful proportions make the Asadi Wine Bar a perfect showcase for the finest collection of wine & spirits.

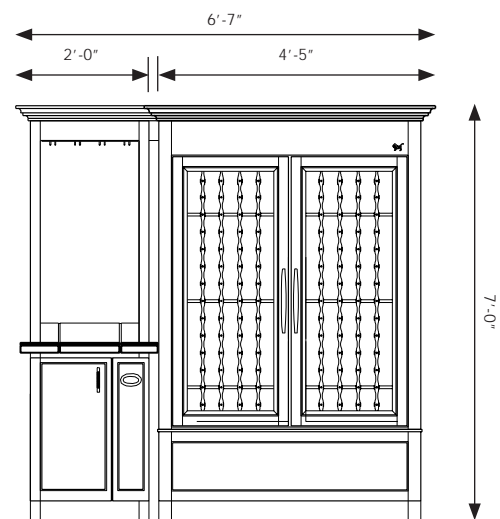

The spirit of the wine cabinet component is expressed through scalloped racks adorned with decorative buttons for a nicely dressed appearance. Cabinet down lights help reinforce the subtle artistic expression of this powerful piece. The side bar is a great compliment to the wine cabinet with its Travertine counter and hanging glass rack accented by a linear light slot. Storage is provided in the base of the side bar with a concealed, sliding drawer for accessories or literature. The vertical side drawer is a linear refuse bin for fruit slices or discarded corks.

Designed as the Asadi Side Bar and Asadi Wine Cabinet combined, the Asadi Wine Bar can be ordered both left-handed, right handed or with the wine cabinet flanked by side bars on either side (inquire about other custom configurations).
